The Spokane Tribe of the Spokane Reservation, Washington	97
Map 1	99
Map 2	100
Shoshone Tribe of the Wind River Reservation, Wyoming	101
Chronology of Legal Status of American Indian Tribes	104
Introduction.....	104
Laws and Treaties	105
Evaluating Habitat, Harvestability, and Meeting American Indian Needs	114
Introduction.....	114
How Harvestability Can Be Evaluated	114
Ethno-Habitats~A Bridge in Understanding Tribal Issues	116
Introduction.....	116
Description of Ethno-Habitats	116

Appendix D UCRB Public Involvement.....	121
Introduction	122
UCRB Scoping	122
Video Teleconference	122
Other Scoping Meetings	123
Public Briefings and Presentations.....	124
Project Briefings	124
Social Science Symposium	124
Special Presentations	125
Sources of UCRB EIS Information	125
Electronic Library	125
Internet	125
Toll-Free Telephone Number	125
Mailings	126
Briefings and Consultations	127
Resource Advisory Councils	137
Analysis of Scoping Comments	137
Geographic Distribution of Comments	139
Summary of Scoping Comments	139
Input on a Preferred Alternative for the Draft EIS	143

Appendix E Special Status Species and Recovery Maps	145
Table E-1. Threatened, Endangered, Proposed, or Candidate Species and Status of Recovery Plans, UCRB	146
Table E-2. Sensitive Vertebrate and Plant Species: BLM and Forest Service Regions in the ICBEMP Project Area	154

Appendix H

Guidelines	219
Implementing Ecosystem Management	220
Sub-basin Reviews: Guidelines For Objective EM-O3	220
Ecosystem Management at the Watershed Scale: Guidelines For Objective EM-O4	220
Physical Environment	220
Soil Productivity: Guidelines For Objectives PE-O1 through PE-O4	220
Air Quality: Guidelines For Objective PE-O5	221
Terrestrial Strategies	221
Fire Disturbance Processes: Guidelines For Objectives TS-O2 and TS-O3 ..	221
Noxious Weeds: Guidelines for Objectives TS-O4 and TS-O5	223
Forested Lands	227
Rangelands	233
Aquatic/Riparian Strategies	237
Guidelines Related to Objectives AQ-O1, AQ-O2, AQ-O3, AQ-O5, AQ-O6, and AQ-O10	237
Category 1 Sub-basins: Guidelines Related to Objective AQ-O4	239
Category 2 Sub-basins: Guidelines Related to Objective AQ-O7	240
Category 3 Sub-basins: Guidelines Related to Objective AQ-O9	240
Water Quality: Guidelines Related to Objective AQ-O13	241
Terrestrial and Aquatic Species and Habitats	241
Habitats for Federal Trust Responsibilities: Guidelines For Objective HA-O1	241
Viable Populations, and Listed Species Habitats and Recovery: Guidelines For Objectives HA-O2 through HA-O7	242
Livestock/Wildlife Conflicts: Guidelines For Objective HA-O7	243
Human Uses and Values	244
Collaboration: Guidelines Related to Objective HU-O1	244
Minimizing Shifts in Commercial Activity: Guidelines Related to Objective HU-O5	245
Economic Diversity: Guidelines Related to Objective HU-O7	245
Risks from Wildfire: Guidelines Related to Objective HU-O9	247
Recreation Guidelines: Related to Objectives HU-O10 through HU-O12 ..	247
Visual Quality: Guidelines Related to Objective HU-O13	251
Federal Trust Responsibility and Tribal Rights and Interests.....	252
Government-to-Government Cooperation and Relations: Guidelines Related to Objectives TI-O1	252
Sense of Place: Guidelines For Objective TI-O2	253
Road Management	253
Roads: Guidelines For Objectives RM-O2 through RM-O4	253
Adaptive Management and Monitoring	254
Adaptive Management: Guidelines Related to Objective AM-O1	254
Monitoring: Guidelines Related to Objective AM-O2	255

Appendix I	Implementation Framework	257
	Introduction	258
	The Nature of Decisions	258
	Nature of Planning on National Forest System and BLM-Administered Lands	258
	Nature of Decisions Expected in the ROD	259
	Relationship to Existing Plans, Policies and Decisions	260
	Compliance with the National Environmental Policy Act (NEPA)	260
	Management Priorities	261
	Implementation Process	262
	Introduction.....	262
	Time Frames for Implementation	262
	Interagency/Intergovernmental Coordination, Collaboration, and Accountability	263
	Consultation with Tribal Governments	264
	Public Involvement and Collaboration	264
	Linking Broad-scale Decisions and Information to Finer Levels	265
	Hierarchy of Analysis	265
	Management Activity Levels for Individual National Forests and BLM Resource Areas	268
	Interagency Cumulative Effects Analysis	269
	Snags and Downed Woody Debris	270
	Policies on Special Status Species	270
	Data Management and Technology Transfer	271
	A Framework for Monitoring, Evaluation, and Adaptive Management	272
	Introduction.....	272
	Conceptual Framework of Monitoring	273
	General Approach of Monitoring Strategy	273
	Relationship of Monitoring to Other Activities	275
	Monitoring Components	276
	Types of Monitoring.....	277
	Defining Specific Evaluation Questions for the Interior Columbia Basin Ecosystem Management Project.....	277
