

# Large Down Wood Average Density by RAC/PAC, Management Region, and Ownership, PVG And Alternative Year for FS/BLM Lands Only

14-Jun-99

Note: This report contains all management regions within the Basin (ICBEMP, NWFP, GYE/WY, UT/NV)

Disclaimer: This data should be summarized to display trends of activities and disturbances at an administrative unit / subbasin or larger scale.

Data Confidence: The snag and down wood average density per unit area has up to +/- 30% possible error from the reported value. The average density is not calculated from a normal parametric data distribution. The average density is calculated from a non-parametric data distribution based on abundance class midpoints.
