

Hydrologic Impacts Index (HII) look-up table.

Cropland	Mines	Dams	Road Class	Dominant Impact	Hydrologic Impacts Index
No	No	No	High	Roads	High
			Low	Fire Exclusion	Very Low
			Moderate	Fire Exclusion	Low
		Yes	High	Roads	High
			Low	Dams	Moderate
			Moderate	Dams	Moderate
	Yes	No	High	Roads	High
			Low	Mines	Low
			Moderate	Mines	Moderate
		Yes	High	Roads	High
			Low	Dams	Moderate
			Moderate	Dams	Moderate
Yes	No	No	High	Agriculture	Very High
			Low	Agriculture	Moderate
			Moderate	Agriculture	High
		Yes	High	Agriculture	Very High
			Low	Agriculture	Moderate
			Moderate	Agriculture	High
	Yes	No	High	Agriculture	Very High
			Low	Agriculture	Moderate
			Moderate	Agriculture	High
		Yes	High	Agriculture	Very High
			Low	Agriculture	Moderate
			Moderate	Agriculture	High

Example: If a HUC is categorized as “No” for Cropland, is categorized as having “No” mines, is categorized as having “No” dams, has a “Moderate” road class, is categorized with the dominant impact as “Fire Exclusion,” then the Hydrologic Impacts Index (HII) is “Low.”
